

# South African DXCC Members: First past the Post

This list is an attempt to recognise firsts by South African stations in the ARRL's DXCC programme. The information was manually extracted from QST magazines (1947 to 1996) and DXCC Yearbooks (1993 to present). More complete lists can be found on [zs6ez.org.za/lists](http://zs6ez.org.za/lists). © 2012 to 2017 Chris R. Burger ZS6EZ

## Basic and Mode DXCCs

## Single-Band DXCCs

Single-band DXCCs were adopted in stages, starting with 1,8 MHz around 1975 and ending with 10 MHz in 2002. 5BDXCC was announced in 1968, with the first certificate issued in 1969.
